Saeid Seif, an influential Iranian journalist and the founder of the prominent news platform "Didban Iran," was born on August ۱۵, ۱۹۸۴, in Kermanshah. From his early career, Seif has been deeply committed to providing independent and in-depth coverage of political, social, cultural, and economic issues. His journey as a journalist and media entrepreneur has been marked by perseverance, challenges, and a constant pursuit of truth.

In ۲۰۱۵, Saeid Seif took a bold step by founding Didban Iran in Tehran. The website quickly gained recognition for its comprehensive coverage and analysis of national and international events. It stands as a beacon of independent journalism, providing insight into Iran's rapidly changing political landscape. By ۲۰۲۳, Didban Iran had solidified its place as one of the top news platforms in Iran, ranking ۱۷th among all news agencies in the country.

However, Seif's career has not been without challenges. Throughout his journey, he has faced pressure and adversity, particularly from governmental bodies seeking to control media narratives. On January ۷, ۲۰۲۳, Seif was summoned to Evin Court, where he was detained and later released on bail after eight days. Despite this setback, he remained committed to his work and continued leading Didban Iran with a focus on uncovering important stories and providing a platform for free speech.

In another incident, on April ۱۱, ۲۰۲۴, Seif was again arrested when he appeared at the courthouse to follow up on his case. These legal and personal challenges have not deterred him, showcasing his resilience and unwavering commitment to journalism.

Didban Iran, too, has faced its share of difficulties. In May ۲۰۲۴, the website was blocked, an attempt to silence its critical coverage of the government. Despite this, it was unblocked after ۲۲ days, a victory for independent media.

Saeid Seif's journey is one of courage, resilience, and dedication to the principles of independent journalism. Even in the face of restrictions, legal battles, and personal hardships, he continues to lead Didban Iran, ensuring that it remains a vital source of news and analysis in Iran. His work is a testament to the power of media to challenge narratives, inform the public, and stand firm in the pursuit of truth.
